

Dear Families

Through Imagine Education Group we deeply value the partnership we share with you in your child's learning journey. We see families not simply as participants, but as co-researchers, learners, and partners who bring rich knowledge, experiences, and perspectives that help shape our program and the children's everyday learning at the centre.

Reciprocity

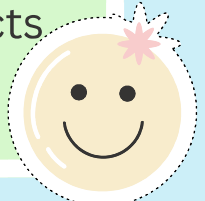

Reciprocity means that learning flows both ways — from educators to families and from families to educators. When we share what we observe here at the centre and you share what you notice at home, together we build a fuller picture of your child's interests, strengths, growth, and discoveries.

We warmly invite you to share your observations, wonderings, and family experiences with us.

- What has your child been curious about lately?
- What conversations are emerging at home?
- What strengths or new skills have you noticed?

Your insights help us meaningfully connect home and centre experiences and ensure our curriculum reflects the voices of our children and families.

We would love to hear from you — whether it's a quick chat at drop-off or pick-up, a message through the app, or even a photo from home.

Anything you'd like to share helps us understand your child a little more and connect what they're doing at home with their experiences here at the centre.

Thank you for being our partners in this shared journey of learning and discovery.
